RENEWED PETITION UNDER 37 C.F.R. § 1.181

Sir:

Responsive to the Decision on Petition to Withdraw Holding of Abandonment mailed
June 13, 2005, please reconsider the Decision in view of the following remarks.

REMARKS

A Decision on Petition to Withdraw the Holding of Abandonment, mailed June 13, 2005, dismisses the Petition to Reset a Period for Reply, filed November 24, 2004. Accordingly, the undersigned representative hereby submits the present Renewed Petition Under 37 C.F.R. § 1.181 for reconsideration of the Decision on Petition to Withdraw the Holding of Abandonment.

The U.S. Patent and Trademark Office (the "Office") recites in the Decision that a non-Final Office action was mailed on July 14, 2004, but the Office did not receive a reply to the non-Final Office action. As a result, the Office held the application abandoned. The undersigned representative never received the non-Final Office action.

The Office presumes that Office communications are properly addressed and delivered to the United States Postal Services and, thereby, in fact delivered to the addressee. An allegation that the Office communication was not received must be overcome by a showing that it was not received. The showing required to establish non-receipt of an Office communication must include all of the following requirements:

- (1) A statement from the practitioner stating the Office communication was not received by the practitioner;
- (2) A statement attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received; and
- (3) A copy of the docket record where the non-received Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement. The docket records must include a copy of the list of all responses in the practitioner's office to which the action was properly sent with the due date at and around October 14, 2004, which is three months from the mailing date of the non-Final Office Action.

The Office indicates that the practitioner has failed to comply with requirements (2) and (3) by only setting forth that the non-Final Office action was not received. Because of the insufficient evidence of non-receipt of the Office action, the Office dismissed the petition.

Accordingly, the undersigned representative submits herewith a Statement of George T. Marcou, an attorney of record for U.S. Patent Application Serial No. 09/697,497, setting forth the following:

- (1) The non-Final Office action of July 14, 2004 was not received;
- (2) A search of the file jacket and docket records indicates that the non-Final Office action was not received; and
- (3) A copy of the docket record where the non-Final Office action would have been entered had it been received and docketed evidences that the non-Final Office action was not received.

Therefore, the undersigned representative respectfully requests that the Office reconsider the Decision on Petition to Withdraw the Holding of Abandonment and revive the application.

The undersigned representative does not believe that any additional fees are due, but if any additional fees are required in connection with the filing of this petition, the Commissioner is hereby authorized to charge the same to Deposit Account No. 501458.

Respectfully submitted,
